**A CONCURRENT RESOLUTION RELATING TO LEASE AGREEMENTS FOR MINING UPON LITTLE TALBOT ISLAND STATE PARK IN DUVAL COUNTY BY THE FLORIDA BOARD OF PARKS AND HISTORIC MEMORIALS**

WHEREAS, The Little Talbot Island State Park in Duval County, in the State of Florida is deemed to be sovereignty land of the State of Florida and,

WHEREAS, The Board of Parks and Historic Memorials of the State of Florida, an Agency of the State of Florida, is empowered by Section 253.45 of Florida Statutes 1941 to sell or lease minerals under sovereignty lands upon such terms and conditions as seem advisable and,

WHEREAS, The aforesaid Little Talbot Island State Park is not presently accessible to the public, and is not likely in the near future to be made accessible to the public and,

WHEREAS, The aforesaid Board of Parks of the State of Florida has in the past requested, and is again now requesting a large annual appropriation of State funds for use in development and maintenance of State Parks and Memorials, and

WHEREAS, New York and Honduras Rosario Mining Company, believing that it had discovered in said Little Talbot Island State Park ilmenite and other heavy minerals in sufficient quantity to justify the mining thereof, and the erection of an expensive concentration plant adjacent to said lands, has on two occasions, namely, in February, 1956, and again in October 1956, offered to lease certain of Little Talbot Island State Park lands on favorable terms, and its offer to lease said lands on both occasions having been rejected by the aforesaid Board of Parks, and

WHEREAS, the acceptance by said Board of Parks of such lease offer by said New York and Honduras Rosario Mining Company would have resulted in receipt by the Board of Parks of royalty of \$1.00 per gross ton of concentrated ilmenite and other heavy minerals mined under said lease with a minimum annual royalty amounting to \$25,000 for and during a lease term of twenty years, unless sooner terminated, as provided in said lease proposal and

WHEREAS, The acceptance by said Board of Parks of such lease offer by said New York and Honduras Rosario Mining Company would have resulted after such mining operations in the restoration of said State Park land not only to its original condition, with the exception of timber which might have been removed by said corporation in connection with its necessary mining, concentrating or plant operations, but also would have resulted in landscaping said property so as to provide improved beach facilities at or on said State Park land in accordance with maps and diagrams submitted with said proposed lease offers,

WHEREAS, The acceptance by said Board of Parks of such lease offer by said New York and Honduras Rosario Mining Company would have resulted in the expenditure of large sums of money in the vicinity of said State Park lands, and in providing increased employment to citizens of the State of Florida, and in industrial expansion of the area,

WHEREAS, Acceptance of such lease offer would accordingly have manifestly resulted in numerous benefits to the people and State of Florida, NOW THEREFORE,

**BE IT RESOLVED BY THE SENATE OF THE STATE OF FLORIDA, THE HOUSE OF REPRESENTATIVES CONCURRING:**

That the Legislature of the State of Florida, believing such recommendation and request to be in the best interests of the people and State of Florida, hereby recommends and requests that the Board of Parks and Historic Memorials of the State of Florida reconsider its earlier decisions and forthwith enter into such lease agreement to such mining company, or concern, as may in its judgment be best able to carry out such mining development and landscaping of said Little Talbot Island State Park work, in the best interests of the people and State of Florida, on such terms and conditions as in its judgment shall best serve the foregoing purposes; and that the Legislature hereby recommends and requests that copies of this memorial be distributed to all members of the Board of Parks and Memorials of the State of Florida.

Section 1. **Executive officers.**—The elective state executive officers constituting the Cabinet shall be the Governor, Secretary of State, Attorney General, Comptroller, Treasurer, Superintendent of Education, and Commissioner of Agriculture. The other executive officers shall be a Budget Director appointed by the Cabinet and two Budget Commissioners, one to be appointed by the Senate and one to be appointed by the House of Representatives of the Legislature.

Section 2. **Executive officers—qualifications—limitation on succession to governorship—term—deputies.**—Each cabinet member shall be at least thirty years of age when elected and shall have been a citizen and resident of the state for ten years immediately prior thereto. No person who has served as governor by election or succession shall be eligible to again serve as governor until four years after the expiration of the term during which he shall have served as governor. Each cabinet member shall be elected quadrennially at a state-wide general election and shall begin his term of four years at noon on the first Tuesday after the first Monday of the following January. Each appointed executive officer shall serve at the pleasure of his appointing authority. The legislature may authorize any executive officer to appoint general or special deputies, who shall serve at his pleasure and for whose acts he shall be responsible, but no deputy shall act for him at any cabinet or board meeting.

Section 3. **Executive and administrative officers—duties—reports of executive officers.**—Each state executive or administrative officer or agency shall perform the duties specified herein, and all except the governor shall perform such other duties as the legislature may provide.

Each state officer of the executive branch shall at the beginning of each regular session of the legislature and at such other times as the governor may request, make report to the governor of his official acts and of the receipts, expenditures, and requirements of his office. The governor shall lay the reports before the legislature at the beginning of such session.

Each state, county, district, or municipal executive officer, agency head, or employee, shall furnish information regarding his department, office, or employment upon the request of either house of the legislature. The governor may require information in writing from any state executive or administrative officer and from any county officer regarding his executive or administrative duties.

Section 4. **Governor—chief executive—commander-in-chief—grants—commissions.**—The supreme executive power shall be vested in the governor. He shall take care that the laws are faithfully executed, be commander-in-chief of the state armed forces unless they are called into the active service of the United States, transact all executive business with state civil and military officers, and sign all grants. He shall issue each state and county officer a commission in the name of the state, bearing its great seal attested by the secretary of state, and shall sign it unless otherwise provided by law.

Section 5. **Governor—message to legislature.**—At least once in each regular session the governor shall by message inform the legislature concerning the condition of the state and recommend measures in the public interest.

The hearing shall be accorded promptly before the governor or a disinterested cabinet member designated by him in writing. All evidence supporting the suspension and all evidence that the officer has in his defense shall be presented and recorded at the hearing, and a transcript thereof and all documentary evidence shall be filed with the secretary of state. The governor shall thereupon file with the secretary of state a further order stating his findings and finally confirming or revoking the suspension. If the order does not reinstate the officer, the secretary of state shall transmit to the senate, on the next day it is in regular, special, or extra session, certified copies of the orders and of the record of the hearing. The senate may take further evidence and shall sustain or disapprove the suspension. If it disapproves or fails to act before adjourning, the officer shall be reinstated and shall receive from the state compensation to the date of reinstatement or to the date of expiration of his term of office, whichever is earlier. The proceedings hereunder shall not affect his criminal or civil liability.

All appointments by the governor to fill vacancies in state and county offices shall be for a term ending at noon on the first Tuesday after the first Monday in January following the next succeeding state-wide general election. In cases of treason the reprieve may extend to the next legislative session, and at the commencement thereof the governor shall report the treason cases to the legislature, which may direct execution of the sentence or grant a pardon or further reprieve. If it adjourns without disposing of the case the governor shall enforce the sentence.

The justices shall, subject to their rules of procedure, permit interested persons to be heard on the questions presented. They shall render their written opinion not earlier than ten days from the filing and docketing of such request, unless in their judgment such delay would cause public injury.

Whereas, S. Sherman Weiss has served the State of Florida ably and well as Director of the Legislative Reference Bureau since its creation in 1949, and

WHEREAS, certain members of this legislative body having received concrete, and personal evidence of the splendid spirit and hospitality of our great sister state through its representatives at National Legislative Conferences, and

WHEREAS, Oklahoma, home of the "Five civilized tribes" of Indians and once the last frontier of America, has been praised and eulogized in the most popular of musical comedies and cinema productions, and

WHEREAS, the Oklahoman of today holds fast to the best of his old customs and traditions, while he seeks eagerly for new frontiers of progress, and

WHEREAS, it seems fitting that Florida as the most progressive and most beautiful of all the States of the Union and the world should extend its felicitations to Oklahoma, that is second only to Florida in this respect upon this memorable occasion, NOW, THEREFORE,

BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF FLORIDA, THE SENATE CONCURRING:

That the people of the State of Florida through their representatives in this legislature heartily extend congratulations and best wishes to the people of the State of Oklahoma upon this semi-centennial celebration of the year of its birth as a state, with recognition and appreciation of its great football teams; its contribution to humanity in the person of Will Rogers; its Jim Thorpe, the greatest athlete of all time; its granite and steel towers silhouetted against the blue Oklahoma sky where fifty short years ago stood only the teepees of the Indians; its position as the oil capital of the world; and most of all to its splendid type of Americanism, personified by the description "Oklahoman."

The appropriations made herein under Item 1, Item 32, Sub-item (b) of Item 45, Item 46, and Item 47 of Section 1 may be transferred from one to the other by and with the approval of the State Budget Commission upon its determination that such transfers are necessary because of movements of inmates from one institution to another institution, and for other justifiable reasons, in order to adequately provide for the necessary custodial care of inmates at each institution which the Budget Commission determines to be in the best interest of the state.

Section 12. If any of the funds appropriated herein or otherwise provided by law to any department or agency are to be expended for equipping, operating or maintaining printing, duplicating or reproducing services or facilities by any department or agency hereunder, then each such department or agency shall compile cost records as prescribed by the State Auditor of all such expenditures, and the provision of Section 216.26, Florida Statutes, relating to Budget Commission approval for the purchase of vehicles shall be likewise applicable to the purchase of printing and duplicating equipment when the amount of any such purchase exceed \$1,000.00, and under such rules and regulations as adopted by the Budget Commission relating to the purchase of vehicles.

Section 13. Any incidental monies of the University of Florida, Florida State University and Florida Agricultural and Mechanical University which exceed the amounts budgeted (for salaries, expenses, and operating capital outlay) out of incidental funds as recommended to the legislature by the Budget Commission shall revert to the General Revenue Fund of the State of Florida.

Section 14. The salary, or combined salaries, or other compensation for services including perquisites as defined by the State Budget Commission, of any state officer or employee, or employee of any department or branch of the state government created by the statutes of this state, shall not exceed the sum of ten thousand (\$10,000) dollars per annum unless otherwise expressly provided by law; provided, however, where it deems necessary and to the best interests of the state, the salary and other compensation for executive and professional personnel may exceed the limitation imposed herein by and with the consent and approval of at least five (5) members of the State Budget Commission, one of whom shall be the Governor.

Section 15. Under Section 1, Item 66, of this Act, there is provided the sum of \$500,000.00 for the purpose of supplying immediate funds for any unforeseen emergency that may arise, including an amount not to exceed \$100,000 to be released by the Budget Commission only upon a declaration by the Governor of an emergency resulting from the Red Tide and subject to such other procedures as are set forth in this Section. This appropriation shall be under the complete supervision and control of the State Budget Commission and the Budget Commission is hereby authorized in its discretion to designate any part of this appropriation for meeting necessary expenses brought about by such emergency as provided after public hearing and ample evidence is presented to the Budget Commission of the need for such emergency appropriation; provided, however, that no expenditures shall be authorized except by the concurring vote of five (5) members of the Budget Commission, one of whom shall be the Governor; and provided further, that this shall not be construed to authorize the Budget Commission to create any new department or function, or to provide funds for any existing department or function for which no appropriation or funds are provided herein, and no part of this appropriation shall be used for attorney's fees, increase of salaries or for the construction or equipping of any building.

Section 16. Under Section 1, Item 67, of this Act, there is provided the sum of \$500,000.00 for the purpose of supplying additional funds to any State office, commission, department, board, bureau, institution or other agency of the State Government, if the appropriations made herein are found to be insufficient to pay the necessary costs of proper administration of the duties assigned. This appropriation shall be under the complete supervision and control of the State Budget Commission; and the Budget Commission is hereby authorized in its discretion to designate any part of this appropriation for paying necessary expenses as above provided, after public hearing and ample evidence of needs; provided, however, that application to the Commission shall be first made in writing, giving a complete statement of funds needed and the reasons therefor; provided, however, that no expenditures shall be authorized except by the concurring vote of five members of the Budget Commission, one of whom shall be the Governor, and provided, further, that this shall not be construed to authorize the Budget Commission to create any new department or function, or to provide funds for any existing department or function for which no appropriation or funds are provided herein, and no part of this appropriation shall be used for attorney's fees, increase of salaries or for the construction or equipping of any building.

Section 17. Under Section 1, Item 68, of this Act, there is

provided the sum of \$100,000.00 for the purpose of supplying immediate funds for the promotion of Florida. This appropriation shall be under the complete supervision and control of the State Budget Commission, and the Budget Commission is hereby authorized in its discretion to designate any part of this appropriation for meeting necessary expenses in providing for such needs in the promotion of Florida after public hearings and ample evidence is presented to the Budget Commission of the need for an allotment from this appropriation; provided, however, that no allotment or release shall be authorized for any normal operation of the state government for which funds have been provided by the legislature, it being the intent of the legislature that the use of this appropriation be limited to such unusual and unforeseen needs as may arise in the promotion of specific projects which bear a direct positive effect on the economy of Florida and provided, further, that this shall not be construed to authorize the Budget Commission to create any new department or function, and no part of this appropriation shall be used for attorney's fees, increases of salaries, the creation of any new positions in any department of the state government, or for the construction or equipping of any building. No allotment or release of this appropriation shall be made except by the concurring vote of five (5) members of the Budget Commission, one of whom shall be the Governor.

Section 18. Section 287.09, Florida Statutes, is hereby repealed.

Section 19. It is the intent of the legislature that the pay scales in the existing state merit system as approved by the State Personnel Board be implemented up to but not to exceed the amount necessary in each position and in total to permit minimum implementation of the program in those agencies presently members of the system and for each agency which may become a member during the 1957-59 biennium. The State Budget Commission is hereby authorized to provide the funds necessary to accomplish this purpose from any of the appropriations provided herein or otherwise provided by law; provided, however, that no covered employee's salary shall be reduced as a result of the application of this section if such employee is presently being paid a salary in excess of the amount allowable under this Section where said employee's excess salary has been approved by the Merit System Council.

Section 20. Any section of this Act, or any special item or appropriation herein contained, if found to be invalid or vetoed by the Governor without over-riding action of the Legislature, shall in no way affect other sections or other items or appropriations contained in this Act.

Section 21. All laws or parts of laws in conflict herewith are hereby repealed.

Section 22. This Act shall take effect on July 1, 1957.

This appropriation shall be under the complete supervision and control of the State Budget Commission and the State Budget Commission is hereby authorized in its discretion to designate any part of this appropriation for meeting necessary expenses brought about by such emergency as provided after public hearing and ample evidence is presented to the State Budget Commission of the need for such emergency appropriation; provided, however, that no expenditures shall be authorized except by the concurring vote of five (5) members of the State Budget Commission, one of whom shall be the Governor; and provided further, that this shall not be construed to authorize the State Budget Commission to create any new department or function, or to provide funds for any existing department or function for which no appropriation or funds are provided herein, and no part of this appropriation shall be used for attorney's fees, increase of salaries or for the construction or equipping of any building.

This appropriation shall be under the complete supervision and control of the State Budget Commission, and the State Budget Commission is hereby authorized in its discretion to designate any part of this appropriation for meeting necessary expenses

in providing for such needs in the promotion of Florida after public hearings and ample evidence is presented to the State Budget Commission of the need for an allotment from this appropriation; provided, however, that no allotment or release shall be authorized for any normal operation of the State Government for which funds have been provided by the legislature, it being the intent of the legislature that the use of this appropriation be limited to such unusual and unforeseen needs as may arise in the promotion of specific projects which bear a direct positive effect on the economy of Florida; and provided further, that this shall not be construed to authorize the State Budget Commission to create any new department or function, and no part of this appropriation shall be used for attorney's fees, increase of salaries, the creation of any new positions in any department of the State Government, or for the construction or equipping of any building. No allotment or release of this appropriation shall be made except by the concurring vote of five (5) members of the State Budget Commission, one of whom shall be the Governor.

Section 16. It is the intent of the legislature that the pay scales in the existing State Merit System as approved by the State Personnel Board be implemented up to but not to exceed the amount necessary in each position and in total to permit minimum implementation of this program in those agencies presently members of the system and for each agency which may become a member during the 1957-59 biennium. The State Budget Commission is hereby authorized to provide the funds necessary to accomplish this purpose from any of the appropriations provided herein or otherwise provided by law; provided, however, that no covered employee's salary shall be reduced as a result of the application of this Section if such employee is presently being paid a salary in excess of the amount allowable under this Section where said employee's excess salary has been approved by the Merit System Council.

Section 17. Any section of this Act, or any special item or appropriation herein contained, if found to be invalid or vetoed by the Governor without over-riding action of the Legislature, shall in no way affect other sections or other items or appropriations contained in this Act.
